No. of hrs. for the week: 29

Report for One Week of Internship

Note: This form is to be submitted each week of the internship.

1. What were your goals in this week? Be as specific as possible.

My goals this week were to prepare for and teach my video production class. Meet with Eric to discuss how my Internship is going so far. Work on finalizing and publishing website. Upkeep social media accounts. Begin creating script for final video production project.

2. What happened in retrospect? How did you actually spend your time?

This week I had some harder concepts to cover for my production class. I spent several hours preparing for class. We spent quite a while with the translator because we had some difficulty with the the translation on a couple of the concepts we covered this week. I worked more on the website, but found out that we can't switch the domain on the website I had build. This next week I will be redoing the website on the live version that is connected with the domain.

3. What other notes would you make regarding your experience in this period?

So far I have loved my internship. I have really enjoyed working with the students to teach them the new video program and I'm learning new things about it myself as I have been teaching. I've also had a great time learning more about the Khmer culture.
