

Name: Makenzi Markham

Week Number: 6

No. of hrs. for the week: 35

Report for One Week of Internship

Note: This form is to be submitted each week of the internship.

1. What were your goals in this week? Be as specific as possible.

My goals were to work on completing the website. I also was in charge of creating a blog for one of the missionary families to keep their supporters up to date on what is going on. I was in charge of teaching my video production class and doing prep work for it as well.

2. What happened in retrospect? How did you actually spend your time?

I managed to get the website to a point where it is useable. I have a few small details I will continue to work on in the next few weeks, but the website is up and running. I taught my video production class twice this week, however, my third class this week got cancelled due to rain and flooding.

3. What other notes would you make regarding your experience in this period?

It has been a struggle to have to rely on the weather in order to have classes and examples for class. We don't have an area inside to have class so if it rains we can't hold class. That has been frustrating, but we get creative and work through everything we need to with the time that we have.
